For today's meeting, you have Harry's package with the details of our program.

- At a minimum, we need to avoid being included in any government-wide retirement program decision.
- We would be very pleased to get tacit or-better-active agreement that our retirement problem is different and that we will later seek separate legislation.
- Given that lots of people may want to be thought of as having an exceptional problem, it's probably desirable to avoid the limelight.
